I. BACKGROUND

A. The United States of America ("United States" or "Plaintiff"), on behalf of the Administrator of the United States Environmental Protection Agency ("EPA"), has filed a complaint against Defendants IMC Magnetix Corporation ("IMC Magnetix" or "Settling Defendant"), Circuit Express, Inc., Janstar Development, Inc., K&S Interconnect, Inc., Sherman Leibovitz, Prestige Cleaners, Inc., Service & Sales, Inc. and Unitog Rental Services, Inc. pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. § 9607, as amended, ("CERCLA") seeking reimbursement of response costs incurred and to be incurred for response actions taken at or in connection with the release or threatened release of hazardous substances at and from the South Indian Bend Wash Superfund Site in Tempe, Arizona (the "Site").

B. The United States alleges that Settling Defendant IMC Magnetix Corporation owned and operated a Facility within the

Site during the time of disposal of hazardous substances at such Facility and from which Facility there has been a release and threat of release of hazardous substances that have caused Plaintiff to incur response costs for the Site. Plaintiff alleges that Settling Defendant is jointly and severally liable to Plaintiff for recovery of costs of responding to a release or a threatened release of hazardous substances at or from the Site pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a).

C. Settling Defendant does not admit any liability to Plaintiff arising out of the transactions or occurrences alleged in the complaint.

D. Notwithstanding the allegations of Plaintiff and Settling Defendant's disclaimer in paragraph C above, Plaintiff and Settling Defendant IMC Magnetix Corporation have agreed to settle and compromise Plaintiff's claims for reimbursement of Site-related response costs as alleged in the complaint.

E. Plaintiff and Settling Defendant agree, and this Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith, that settlement of this matter will avoid prolonged and complicated litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

THEREFORE, with the consent of the Parties to this Decree, it is ORDERED, ADJUDGED, AND DECREED:

8. Stipulated Penalties.

a. If any amounts due to EPA under this Consent Decree are not paid by the required date, the Settling Defendant shall pay to EPA a stipulated penalty, in addition to the Interest required by Paragraph 7, of \$200.00 per violation per day that such payment is late.

b. Stipulated penalties are due and payable within thirty (30) days of the date of the demand for payment of the penalties by EPA. All penalties shall begin to accrue on the day after complete performance is due or the day a violation occurs, and shall continue to accrue through the final day of correction of the noncompliance or completion of the activity. Nothing herein shall prevent the simultaneous accrual of separate penalties for separate violations of this Consent Decree.

9. If the United States brings an action to enforce this Consent Decree, Settling Defendant shall reimburse the United States for all costs of such action, including but not limited to costs of attorney time.

10. Payments made under Paragraphs 7,8 and 9 shall be in addition to any other remedies or sanctions available to

11. Notwithstanding any other provision of this Section, the United States, in its unreviewable discretion, may waive payment of any portion of stipulated penalties that have accrued in favor of the United States pursuant to this Consent Decree. Payment of stipulated penalties shall not excuse Settling Defendant from making any other payments required by this Consent Decree or from performance of any other requirements of this Consent Decree.

VIII. COVENANT NOT TO SUE BY PLAINTIFF

12. Covenant Not to Sue by United States. Except as specifically provided in Paragraph 13 (Reservation of Rights by United States), the United States covenants not to sue or to take administrative action against Settling Defendant pursuant to Sections 106 and 107(a) of CERCLA, 42 U.S.C. §§ 9606 and 9607(a), and Section 7003 of the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. § 6973, with regard to the Site, including for past and future costs. This covenant not to sue shall take effect upon receipt by Plaintiff of all payments required by Section VI, Paragraph 5 (Payment of Past Response Costs to the United States) and Section VII, Paragraphs 7 (Interest on Late Payments) and 8 (Stipulated Penalties). This covenant not to sue is also conditioned upon the satisfactory performance by Settling

Defendant of its obligations under this Consent Decree. This covenant not to sue extends only to Settling Defendant and does not extend to any other person.

13. Reservation of Rights by United States. The covenant not to sue set forth in Paragraph 12 does not pertain to any matters other than those expressly specified therein. The United States reserves, and this Consent Decree is without prejudice to, all rights against Settling Defendant with respect to all other matters, including but not limited to:

a. liability for failure of Settling Defendant to meet a requirement of this Consent Decree;

b. liability arising from the past, present, or future disposal, release, or threat of release of a hazardous substance outside of the Site;

c. liability for future disposal of hazardous substances at the Site by Settling Defendant;

d. liability for damages for injury to, destruction of, or loss of natural resources, including the reasonable costs of assessing such injury, destruction or loss; and

e. criminal liability.

IX. COVENANT NOT TO SUE BY SETTLING DEFENDANT

14. Settling Defendant covenants not to sue and agrees not

to assert any claims or causes of action against the United States, or its contractors or employees, with respect to the Site, including past and future costs, or this Consent Decree, including but not limited to:

a. any direct or indirect claim for reimbursement from the Hazardous Substance Superfund based on Sections 106(b)(2), 107, 111, 112, or 113 of CERCLA, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, or 9613 or any other provision of law;

b. any claims arising out of response actions at or in connection with the Site, including any claim under the United States Constitution, the Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, as amended, or at common law; and

c. any claim pursuant to Sections 107 and 113 of CERCLA, 42 U.S.C. §§ 9607 and 9613, relating to the Site.

15. Nothing in this Consent Decree shall be deemed to constitute approval or preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. 300.700(d).

X. EFFECT OF SETTLEMENT/CONTRIBUTION PROTECTION

16. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. Each of the Parties expressly reserves any and all rights (including, but not limited

to, any right to contribution), defenses, claims, demands, and causes of action which each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto.

17. The Parties agree, and by entering this Consent Decree this Court finds, that Settling Defendant is entitled, as of the effective date of this Consent Decree, to protection from contribution actions or claims as provided by Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2) for "matters addressed" in this Consent Decree. The "matters addressed" in this Consent Decree are all response actions taken or to be taken and all response costs incurred or to be incurred, at or in connection with the Site, by the United States or any other person. The "matters addressed" in this Consent Decree do not include those response costs or response actions as to which the United States has reserved its rights under this Consent Decree (except for claims for failure to comply with this Decree), in the event that the United States asserts rights against Settling Defendant coming within the scope of such reservations.

18. Settling Defendant agrees that, with respect to any suit or claim for contribution brought by it for matters related to this Consent Decree, it will notify EPA and DOJ in writing no later than sixty (60) days prior to the initiation of such suit or claim. Settling Defendant also agrees that, with respect to

any suit or claim for contribution brought against Settling Defendant for matters related to this Consent Decree, Settling Defendant will notify EPA and DOJ in writing within ten (10) days of service of the complaint or claim upon it. In addition, Settling Defendant shall notify EPA and DOJ within ten (10) days of service or receipt of any Motion for Summary Judgment, and within ten (10) days of receipt of any order from a court setting a case for trial, for matters related to this Consent Decree.

19. In any subsequent administrative or judicial proceeding initiated by the United States for injunctive relief, recovery of response costs, or other relief relating to the Site, Settling Defendant shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States in the subsequent proceeding were or should have been brought in the instant case; provided, however, that nothing in this Paragraph affects the enforceability of the Covenant Not to Sue by Plaintiff set forth in Section VIII.

XI. ACCESS TO SITE AND FACILITIES

20. If the Facility, or any other property where access and/or land/water restrictions are needed to implement response activities at the Site, is owned or controlled by Settling Defendant, Settling Defendant shall:

a. commencing on the date of lodging of this Consent Decree, provide the United States, and its representatives, including EPA and its contractors, with access at all reasonable times to the Facility, or such other property, for the purpose of conducting any response activity related to the Site, including, but not limited to, the following activities:

1. Monitoring, investigation, removal, remedial or other activities at the Site;
2. Verifying any data or information submitted to the United States;
3. Conducting investigations relating to contamination at or near the Site;
4. Obtaining samples;
5. Assessing the need for, planning, or implementing additional response actions at or near the Site;
6. Inspecting and copying records, operating logs, contracts or other documents maintained or generated by Settling Defendant or its agents.
7. Assessing Settling Defendant's compliance with this Consent Decree; and
8. Determining whether the Facility or other property is being used in a manner that is prohibited or restricted, or that may need to be prohibited or restricted, by or pursuant to this Consent Decree.

b. commencing on the date of lodging of this Consent Decree, refrain from using the Facility, or such other property, in any manner that would interfere with or adversely affect the implementation, integrity or protectiveness of the removal or remedial measures to be performed at the Site.

21. Notwithstanding any provision of this Consent Decree, the United States retains all of its access authorities and rights with respect to the Site and the Facility, including enforcement authorities related thereto, under CERCLA, the Resource Conservation and Recovery Act, 42 U.S.C. § 6927, and any other applicable statutes or regulations.

XII. RETENTION OF RECORDS

22. Until seven (7) years after the entry of this Consent Decree, Settling Defendant shall preserve and retain all records and documents now in its possession or control, or which come into its possession or control, that relate in any manner to response actions taken in connection with the Site or at the Facility or to the liability of any person for response actions conducted and to be conducted in connection with the Site, regardless of any corporate retention policy to the contrary.

23. After the conclusion of the document retention period in the preceding paragraph, Settling Defendant shall notify EPA and DOJ at least 90 days prior to the destruction of any such records or documents, and, upon request by EPA or DOJ, Settling

Defendant shall deliver any such records or documents to EPA. Settling Defendant may assert that certain documents, records, or other information are privileged under the attorney-client privilege or any other privilege recognized by federal law. If Settling Defendant asserts such a privilege, it shall provide Plaintiff with the following: 1) the title of the document, record, or information; 2) the date of the document, record, or information; 3) the name and title of the author of the document, record, or information; 4) the name and title of each addressee and recipient; 5) a description of the subject of the document, record, or information; and 6) the privilege asserted. However, no documents, reports, or other information created or generated pursuant to the requirements of this or any other consent decree with the United States shall be withheld on the grounds that they are privileged. If a claim of privilege applies only to a portion of a document, the document shall be provided to Plaintiff in redacted form to mask the privileged information only. Settling Defendant shall retain all records and documents that it claims to be privileged until the United States has had a reasonable opportunity to dispute the privilege claim and any such dispute has been resolved. If such a dispute is resolved in favor of the United States, Settling Defendant shall deliver the records and documents to Plaintiff as set out above.

24. By signing this Consent Decree, Settling Defendant

certifies that, to the best of its knowledge and belief, it has:

a. conducted a thorough, comprehensive, good faith search for documents, and has fully and accurately disclosed to EPA, all information currently in its possession, or in the possession of its officers, directors, employees, contractors or agents, which relates in any way to the ownership, operation or control of the Facility, or to the ownership, possession, generation, treatment, transportation, storage or disposal of a hazardous substance, pollutant or contaminant at or in connection with the Site;

b. not altered, mutilated, discarded, destroyed or otherwise disposed of any records, documents or other information relating to the potential liability of Settling Defendant regarding the Facility or the Site, after notification of potential liability or the filing of a suit against the Settling Defendant regarding the Site; and

c. fully complied with any and all EPA requests for information regarding the Site pursuant to Sections 104(e) and 122(e) of CERCLA, 42 U.S.C. §§ 9604(e) and 9622(e).
